

Iowa Who's Who in Salvage Membership Directory

The Original Recyclers

2017

Car-Part Gold

Building a profitable future together!

- ▶ Car-Part displays over 100 million images every month.

Are you taking high quality pictures of the parts you want to sell?

- ▶ 30% of Car-Part traffic is from mobile devices.

Are your parts on Car-Part Mobile?

- ▶ 1400 Auto Recyclers are Car-Part Certified in Car-Part Pro.

Are you Car-Part Certified?

- ▶ TOP 10 insurers in the US and Canada are asking their shops to source parts through Car-Part Pro. Shops and Insurers see more than twice as many recycled parts on Car-Part Pro which includes your brokered parts AND their delivery times. Car-Part Pro's **NEW** assembly optimized workflow highlights recycled part savings vs the equivalent components.

Are you optimized for Car-Part Pro?

What is Iowa Automotive Recyclers (IAR)?

IAR is a non-profit trade association of businesses involved in the recovery and sale of green recycled parts from automobiles and those who support the automotive salvage and dismantling industry.

Strength in Numbers

IAR membership means fellowship with other automotive recyclers by exchanging ideas and promoting good business practices. Through the thinking and action of its members, the *Iowa Automotive Recyclers* work to build the image of automotive recyclers. IAR enables members to get involved and accomplish collectively what none of us could do individually. Its strength lies in attracting members for the purpose of creating a pool of resources from which to draw ideas, energies, and finances.

Iowa Certified Automotive Recyclers Automotive (I-CARE) Program

The Iowa Certified Automotive Recyclers Environmental Program is the industry standard of excellence that exemplified the Iowa Automotive Recyclers membership. The I-CARE Program is uniquely Iowan in that it includes all state and federal regulation applicable to an Iowa automotive salvage facility. The Iowa DNR staff praised the I-CARE program and the industry for being proactive in waste management and compliance.

The goal is all Iowa Automotive Recycler members achieving and maintaining full compliance in safety, environmental and licensing regulations through the I-CARE certification program. I-CARE is an affiliate program of the national ARA Certified Auto Recyclers (CAR).

Iowa Automotive Recyclers Application for Membership

Company Name: _____

Contact Person & Title (Name in directory): _____

Address: _____

City, State, Zip: _____

IAR

IOWA
AUTOMOTIVE
RECYCLERS

Iowa Automotive Recyclers want to buy your total loss salvage vehicles. Members are I-CARE certified green yards for environmental and

safety compliance. Your end-of-life vehicle will be reported to NMVTIS to stop title cloning and auto theft.

Do business with a licensed professional *Iowa Automotive Recycler* today!

IowaAutoRecyclers.com

Buy recycled used automotive parts for all your collision and mechanical repairs!

Automotive recyclers are the Original Recycler!
Because auto recycling

**Green
Recycled
Parts®**

makes sense.

Used auto parts are OEM equipment that often cost a fraction of the price of new parts. Used auto parts come with warranties from a trusted local supplier which means good business. Most salvage yards

will deliver! The sale of green recycled parts is good for the environment and good for the local economy too.

Dave Van Tol

In Remembrance

JOE WATERBURY of SANDHILL AUTO SALVAGE

Joseph was born on September 6th, 1941, in Tama, Iowa to He lived most of his life in the Tama and Chelsea, IA areas.

After graduation, Joe attended U.S. Trade Schools in Kansas City specializing in auto mechanics. Upon completing the courses, he went to work for Hartwig Motors in Iowa City.

In 1962, Joe married Ellen Pieper of Tama. Eager to broaden his opportunities, Joe began working in auto salvage and soon purchased his own business in 1970. Joe and his wife ran their business known as **Sandhill Auto Salvage** for 40 years. They recycled over 60,000 vehicles and were recognized as one of the top 10 Green Auto Recyclers in the U.S. and Canada. Joe built Sandhill Auto Salvage into a successful company which is now owned by his son and daughter-in-law, Mike and Mitzi Waterbury.

Known not only for his auto business, Joe was a self-taught master craftsman in wood working. In 1995, he and his wife built and furnished a dollhouse to showcase Moss dolls for the artist P. Buckley Moss, now displayed in her Waynesboro, VA art gallery. They traveled with the artist to shows across the U.S.

Joe retired in 2010 when technology and bar coding of the auto parts took over. When he finally completed his "honey do list" and made his acceptance speech for the 2010 "Citizen of the Year", he and his wife moved to Fairfield, IA to be near their daughter, Deb Buch.

Survivors include his wife, Ellen, of 54 years, two daughters and one son, Mike (Mitzi) Waterbury, of Tama, IA. Joe was preceded in death by his parents and a son, Steve Waterbury.
