**I-CARE**

Iowa Certified Automotive Recyclers Environmental Program

## What is Iowa Automotive Recyclers (IAR)?

IAR is a non-profit trade association of businesses involved in the recovery and sale of green recycled parts from automobiles and those who support the automotive salvage and dismantling industry.

## Strength in Numbers

IAR membership means fellowship with other automotive recyclers by exchanging ideas and promoting good business practices. Through the thinking and action of its members, the *Iowa Automotive Recyclers* work to build the image of automotive recyclers. IAR enables members to get involved and accomplish collectively what none of us could do individually. Its strength lies in attracting members for the purpose of creating a pool of resources from which to draw ideas, energies, and finances.

## Iowa Certified Automotive Recyclers Automotive (I-CARE) Program

The Iowa Certified Automotive Recyclers Environmental Program is the industry standard of excellence that exemplified the Iowa Automotive Recyclers membership. The I-CARE Program is uniquely Iowan in that it includes all state and federal regulation applicable to an Iowa automotive salvage facility. The Iowa DNR staff praised the I-CARE program and the industry for being proactive in waste management and compliance.

The goal is all Iowa Automotive Recycler members achieving and maintaining full compliance in safety, environmental and licensing regulations through the I-CARE certification program. I-CARE is an affiliate program of the national ARA Certified Auto Recyclers (CAR).

IOWA  
AUTOMOTIVE  
RECYCLERS

***Iowa Automotive Recyclers*** want to buy your total loss salvage vehicles. Members are I-CARE certified green yards for environmental and

safety compliance. Your end-of-life vehicle will be reported to NMVTIS to stop title cloning and auto theft.

**Do business with a licensed professional *Iowa Automotive Recycler* today!**

## IowaAutoRecyclers.com

**Buy recycled used automotive parts for all your collision and mechanical repairs!**

Automotive recyclers are the Original Recycler!  
*Because auto recycling*

**Green  
Recycled  
Parts®**

*makes sense.*

Used auto parts are OEM equipment that often cost a fraction of the price of new parts. Used auto parts come with warranties from a trusted local supplier which means good business. Most salvage yards

will deliver! The sale of green recycled parts is good for the environment and good for the local economy too.

### **Marion “Junior” Van Gorp of Van Gorp Used Cars in Oskaloosa, Iowa**

Marion “Jr” Van Gorp, Jr., 85, of Oskaloosa, died April 18, 2019, at the University of Iowa Hospital. He was born December 11, 1933, in Pella, Iowa, the son of Marion C. and Janet W. Van Gorp.

He graduated from Pella High School with the class of 1951. Following graduation, he entered the United States Army.

In 1963, Junior and his brother Dirk bought property south of Oskaloosa and established Van Gorp Auto Recyclers. The two of them ran the business together until 1992, when Junior bought Dirk’s half of the business and became the sole owner. He continued to own and operate the business until his passing.

Junior was a member of the V.F.W, American Legion Post 34, Oskaloosa Elks, and First Christian Church. He loved to be around people and often went to breakfast with friends and spent evenings at the Legion. Weekends were spent with his family at the lake. He enjoyed traveling to Arizona with his family, working on cars, being at the shop with the customers and friends, and watching NASCAR, and baseball.
