Iowa Automotive Recyclers 2017 Legislative Priorities

February 8, 2017 at 7:00 a.m. Breakfast

Legislative Dining Room of State Capitol
with meetings to follow

Bills being drafted

- 1) Iowa Auto Recyclers will ask that language be added to Iowa law that will require a buyer at a salvage pool to use a government issued identification document to be assigned a unique identifier and that licensed recycler use their NMVTIS number. The measure will maintain integrity in the market and assist DOT in tracking and enforcing the number of salvage vehicles acquired by one entity so as not to exceed the annual six-vehicle threshold.
- 2) Iowa Auto Recyclers will ask that language be added to Iowa law that will allow licensed auto recyclers in the state to report salvage vehicles as “CRUSHED” in the NMVTIS system in lieu of securing a junking certificate. Recyclers will retain the title in lieu of the junk certificate.
- 3) Iowa Auto Recyclers will ask that language be added to Iowa law that implements a state NMVTIS reporting consolidated system that will allow licensed recyclers to report to and query NMVTIS as part of the biennial licensing fee. The consolidated system will be integrated with Iowa DOT records.
