

Recyclers News Press

Happy New Year!

Thanks for being an auto recycler! We get caught up in the day to day business of selling used auto parts and often forget that *being an auto recycler is a noble calling.* The money saved by our customers is but one benefit of the industry. The environmental stewardship goes beyond the highest form of recycling, the reuse of existing goods, to the diligent protection of the planet. The economic benefit to the community by providing good jobs, dealing with problematic junk cars, and local sales makes the auto salvage business an all around ambassador of good will.

Happy New Year Auto Recyclers!
